CYPRIPEDIUM ORCHIDS

Most amateur orchid enthusiasts prefer the *Cypripedium* varieties. These grow easily: require about the same conditions and care as begonias. You can grow beautiful *Cypripedium* orchids on a window sill in your home, or in a greenhouse or solarium. Flowers are highly prized for corsages. These are longest lasting of any commercial orchid, remaining for 6 to 8 weeks.

This offering contains some of the finest orchids available, in a wide range of colors. We include free cultural instructions with each order. As you will notice, most of our special offers include three grades, with prices reflecting the quality of the grade. Certain varieties are available in Show and Award classifications, priced from \$33 and up. If you are interested in these superb quality grades, please ask for separate price list.

CYMBIDIUM ORCHIDS

Cymbidiums are easy to grow if you follow our simple instructions. During winter and early spring, most plants will average twelve—some up to thirty and more flowers on each spike. Color ranges include white, pink, rose, ivory, yellow, bronze and many shades of chartreuse and green. Flowers are long-lasting and are popular with florists for corsages.

Since cymbidiums grow for decades, producing more flowers with age, your modest investment in plants may last you a lifetime.

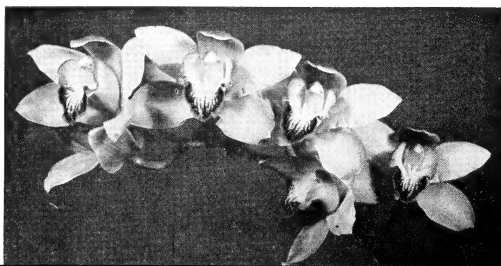

You can grow cymbidium in your greenhouse or under other suitable conditions. They can be grown out-of-doors when weather permits and will stand temperature as low as 28° to 30° for short periods. Free cultural bulletin included with each order.

No. 444 FLOWERING SIZE PLANTS

Should produce one or more spikes each, 8-20 flowers per spike.

ABOUT SHERMAN ORCHID GARDENS—We take pride in telling you that we are judged one of the largest quality growers of Cymbidium and Cyripedium orchids in the World today. We supply orchids to amateur and commercial growers in every corner of the world. Most of our business is done by mail, but we certainly invite you to visit our nursery any time you are in the Los Angeles area. You will find us in the beautiful city of Glendora, just South of U. S. Highway 66.

Our stock of top florist and show quality Cymbidiums and Cyripediums are well known to orchid fanciers. Fine exhibition and stud varieties are available to hybridizers and others wanting championship stock. Among these are the varieties which have won the highest honors wherever fine orchids have been exhibited, and whose progeny are now setting new standards and winning new honors. Many of these world famous plants can be seen in bloom at our nursery during flowering season.

Sherman Orchid Gardens has won top honors in every show in which we have participated. These include two American Orchid Society Silver Trophies. Individual plants have recently won three Gold Awards from the Orchid Society of Southern California and from the Cymbidium Society.

SINCE OUR CUSTOMERS have a wide range of needs, we maintain a complete variety of types and grades of Cymbidium and Cyripedium orchids. We also grow some Vanda orchids. We invite your inquiry for specific varieties or types. We will be happy to suggest individual plants, collections or groups if you let us know of your needs and price range.

CONVENIENT BUDGET ACCOUNTS are available. If you wish, you may use our budget plan for any purchase over ten dollars. Terms are one third with order, balance in two equal monthly installments. Simply indicate on the order blank that you wish to use your budget account.

YOUR GUARANTEE. Our methods of quality growing and grading standards assure you of getting the finest possible plants and bulbs. Much of our repeat business is done by mail with thousands of customers all over the world. We guarantee these plants grown and shipped by us to be healthy, strong and vigorous—generally superior to most other stock offered for sale anywhere in the world today. These facts guarantee your satisfaction with the plants you order.

Sherman Orchid Gardens in no way guarantees the crop produced by these plants as such conditions are beyond our control. In the event of a claim, our liability is limited to the purchase price of these plants.
